Business Affairs

Review of Music Contracts

Media Services can provide an objective third party opinion to assist you with your most challenging situations. We have consultants available to orchestrate contract resolution. Whatever your needs, we will interpret the details so you are able to make the best possible deal.

Music Supervision

Media Services understands the process of putting music to film, commercials and live broadcast productions. Our specialists can work with your staff to select previously published compositions for the creation of an effective score.

Copyright filing

We can register your published or unpublished composition with the federal copyright office.

Royalties

In order to earn royalties, you must register your composition with the music rights societies, like ASCAP & BMI. We can process the multitude of paper work associated with this task.

The way we oversee your budget will be Music to your ears!

Production Services

Session Budgeting

Media Services can provide a detailed cost projection, prior to each session date, with updates when the session is finalized. We only need to know the number of musicians per session.

Union Signatory Status

Media Services is a signatory to all AFM, AFTRA and SAG agreements. Depending upon your project, we can petition for Low Budget Agreement status on your behalf.

Union Contract Preparation

Media Services will administer the union forms necessary to report both wage and benefit contributions for musicians and singers. We will also finalize post session figures and file the required paperwork.

Pool Savings

With our extensive client base, you will enjoy the savings of our employee pool. This will effectively lower your employer fringe rate.
